- Check-out my [Portfolio click here](#)

### ROLES AND RESPONSIBILITIES AT 'SAFETY LABS'

#### A product base - EMR Healthcare start-up

- Lead developer team to create a role-based authorization web-portal on Salesforce, Java and HTML5, designed to scheduler appointments, track control and plan days for practitioners and patients,
- Implemented best quality JavaScript and library code to make application run seamlessly by changing the suitable architecture as per performance,
- Enhanced the performance of APIs and Client-apps (Front-end) running on companies dedicated hardware,
- Took care of all client-side and front-end applications to create functionalities which worked smoothly and bugs free,
- Connect with Q/A team and provide enough data to test products,
- Working with Salesforce team as Developer and Admin to develop and configure assigned Sandbox and server along with team.

### ROLES AND RESPONSIBILITIES AT 'NETCREATIVE MIND'

#### 3<sup>rd</sup> party Government company, building government Web-portals and Mobile-apps.

- Getting thorough the project documents to create and plan the project data flow with seniors and BA,
- Handled UI/UX development (using Figma) and coding them on JSP and HTML5,
- Worked on Newgen's products, like: OmniDoc, OmniScanner, and wrote code in Java, and Advanced Java, to create flow and implement validations,
- Fixing bugs making the project come online without issue.
- Fixed many APIs stucked for several month, which even seniors were not able to fix.

### Education

- GNIT** – NIIT, South Extension, New Delhi - (9 CGPA)
- BCA** – IGNOU, New Delhi - (66%) (*offline exams*)
- XII** (75%) – C.B.S.E., New Delhi
- X** (8.6 CGPA) – C.B.S.E., New Delhi

### Summary

Fully dedicated, ambitious and hardworking developer with broad skills in full-stack web development. My goal is to become bench mark of developer on terms of skills including Client-side, Server-side, Database, Front-end, and API management and development, looking forward to build great product with my skills and learn more to become better.
